## **Best Practice No.-1**

**Title of Best Practice:** Awareness, Counseling and Detection of Sickle cell Anemia

**Objectives of the practice:**

To make the people aware about sickle cell disease, Counseling of people regarding sickle cell Anemia and Detection of sickle cell disease

**The Context:**

Sickle cell disease is a group of inherited red blood cell disorders that affects hemoglobin, the protein that carries oxygen through the body. Normally, red blood cells are disc shaped and flexible to move easily through the blood vessels. If you have sickle cell disease, your red blood cells are crescent or “sickle” shaped. These cells do not bend and move easily and can block blood flow to the rest of your body. The blocked blood flow through the body can lead to serious problems, including stroke, eye problems, infections and episodes of pain, called pain crises. Having sickle cell disease also raises your risk for severe illness. Even though, it is a serious disease, the common peoples seem to be unaware about this disease and the complications due to this disease, especially rural peoples. Therefore, there is need to make these people aware about this disease.

**The Practice:**

Our College is situated in rural area surrounded by many small villages. Considering the above facts, it was decided to plan an activity, to make the villagers, especially younger generation aware about this dangerous disease and now awareness, counseling and detection of sickle cell anemia is a regular practice of our college, organized routinely by Department of Zoology and Equal opportunity cell in collaboration sub-divisional government hospital Murtizapur, District- Akola.

The sickle cell anemia and blood group detection camp was held on dated 18 August 2017 in Gulam Nabi Azad Urdu School Murtizapur. In this camp 48 students were participated. Like every year the sickle cell anemia and blood group detection camp was held on dated 25 feb. 2019 at Shivan. There were 200 villagers were registered for this camp. The number of students in the registered villagers appeared to be high. The sickle cell anemia and blood group detection camp was held on dated 11 February 2020 for the college students. The total 137 students were registered for this camp. The sickle cell anemia and blood group detection camp was held on dated 11 December 2021 for the college campus students. The total 164 students were participated in this camp.

**Evidence of Success:**

Every year the activity was organized by Department of Zoology and Equal opportunity cell in collaboration with Laxmibai Deshmukh Sub-divisional rural hospital Murtizapur, District- Akola in the campus of our college. Initially, all the students were informed about the disease- symptoms and possible treatment. During, the event formal counseling was done, so that the students could understand the severity of the disease and need of its awareness. After that the blood testing for the sickle cell disease was done. During this activity the students were tested for the disease by the in-charge doctors. The report was prepared indicating the number of sickle cell disease- positive candidates. This report is conveyed to the hospital authority. Meanwhile, the sickle cell positive candidates were counseled for further check-up and related treatment. For this activity, Dr. P. M. Makode, Head Department of Zoology and Dr. R. P. Shirsat, In-charge, equal opportunity cell were the In-charge faculty of the college and Dr Varsha Nemade, and lab technician Ms. Namrata Khadse and Ex. Technician (Nagpure Clinic lab) Mr. Pravin Nagpur took efforts to make this activity fruitful.

**6. Problems Encountered and Resources Required**

Please identify the problems encountered and resources required to implement the practice (in about 150 words).

The college provides opportunity to all the students in and around Murtizapur tahsil.

The students admitted in the college are coming from the rural areas in and around the Murtizapur. In the last five years, the proportion of girl students appeared higher among the admitted students. As the background is belongs to village area the students have been a little to understand the detail about the topic. When the camp was held in the village area it was found that the student's communication with the villagers appeared less. Initially they were hesitating a little to explain the topic with the villagers. When it was held in the college the girl students heisted to interact and to know about the disease. When it was held in the Urdu school the student participation appeared less. The activity was carried out by the department of Zoology. The team of Laxmibai Deshmukh sub district hospital, Murtizapur was participated in this event. Also Ex. Technician (Nagpure Clinic lab) Mr. Pravin Nagpur took efforts to make this activity fruitful.

To,

Principal,  
Shri. Dr. R. G. Rathod Arts & Science College  
Murtizapur, Dist. Akola

**Sub: Permission for Organization of Sickle Cell Testing Camp in Campus.**

Resp. Sir

Department of Zoology & Equal Opportunity Cell are going to organize Sickle Cell Counseling & Testing camp in our college premises for newly entered students of our college on dated 11 December 2021 (Saturday).

We request you to please permit for the said camp. We will follow all guidelines given by government for Covid -19 during camp.

Thanking You

1. Dr. P. M. Makode- Assistant Professor and Head Department of Zoology
2. Dr. R. P. Shirsat- Co-ordinator Equal Opportunity Cell

**11<sup>th</sup> December 2021**

**(Academic year 2021-22)**

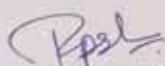

### A Brief Report

On 11<sup>th</sup> December 2021 Equal opportunity cell and Department of Zoology, jointly organized sickle cell anemia awareness camp for newly entered students in college (B.Sc I and B.A. I). This event was taken with the team of Laxmibai Deshmukh Sub-District Government Hospital, Murtizapur Dist- Akola

The event was started by 12:30pm on 11<sup>th</sup> December 2021 and inaugurated at the hands of Dr. A. P. Charjan, Principal, Shri Dr. R. G. Rathod Arts and Science College, Murtizapur and President of Programme. Along with there were few persons from other departments of college.

This event was conducted by Abhishekh Adhau, student of B. Sc. III., Smt Namrata Khadase (Lab Technician Sickle Cell), Smt. Aparna Tidke (Lab Tech. ICTC), Mr. Ninad Bulbule (Counsellor ICTC) aware the students regarding Sickle Cell Anemia – Reasons, Prevention and Medication. In total 164 Students were registered for this camp.

During and after the camp, the organizers were taken feedback from the students. The detail report is with coordinator of this event. But the feedback indicates that, Students need such boost up events to promote the awareness.

SHRI DR. R. G. RATHOD ARTS AND SCIENCE COLLEGE, MURTIZAPUR**

**16<sup>th</sup> January 2020**

**(Academic year 2019-2020)**

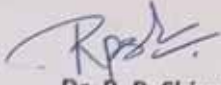

### A Brief Report

On 16<sup>th</sup> January 2020 equal opportunity cell and Department of Zoology, jointly organized blood group detection and sickle cell anemia awareness camp for the rural population of a small village, Brahmi Dist- Murtizapur. This event was taken in collaboration with the team of Laxmibai Deshmukh Sub-District Government Hospital, Murtizapur Dist- Akola.

The event was started by 11:00 am on 16<sup>th</sup> January 2020 and inaugurated at the hands of Shri D. S. Ghogare, Principal, Shri Babanrao Chaudhari Junior College, Brahmi Tq. Murtizapur and President of Programme. Along with there were few faculty of schools.

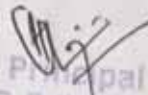

This event was conducted by the students of B. Sc. III. The organizing faculty and Lab Technician were given speeches on importance of blood group detection and regarding "Sickle Cell Anemia – Reasons, Prevention and Medication". In total 137 Students were registered for this camp.

During and after the camp, the organizers were taken feedback from the school teachers and students. The detail report is with coordinator of this event. But the feedback indicates that, villagers need such boost up events to promote the awareness.

**BLOOD GROUP DETECTION  
AND  
SICKLE CELL ANEMIA AWARENESS CAMP**

**ORGANIZED BY  
EQUAL OPPORTUNITY CELL AND DEPARTMENT OF ZOOLOGY  
SHRI DR. R. G. RATHOD ARTS AND SCIENCE COLLEGE, MURTIZAPUR  
11<sup>th</sup> February 2020  
(Academic year 2019-2020)**

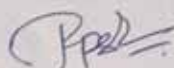

### A Brief Report

On 11<sup>th</sup> February 2020 Equal opportunity cell and Department of Zoology, jointly organized blood group detection and sickle cell anemia awareness camp for newly entered students in college (B.Sc I and B.A. I). This event was taken in collaboration with the team of Nagpure Clinical Lab and Laxmibai Deshmukh Sub-District Government Hospital, Murtizapur Dist- Akola respectively.

The event was started by 12:30pm on 11<sup>th</sup> February 2020 and inaugurated at the hands of Dr. A. P. Charjan, Principal, Shri Dr. R. G. Rathod Arts and Science College, Murtizapur and President of Programme. Along with there were few persons from other departments of college.

This event was conducted by Bhushan Thakare, student of B. Sc. III. The organizing faculty, Mr. Pravin Nagpure and Lab Technician were given speeches on importance of Blood group detection and regarding Sickle Cell Anemia – Reasons, Prevention and Medication. In total 137 Students were registered for this camp.

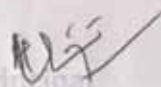

During and after the camp, the organizers were taken feedback from the villagers. The detail report is with coordinator of this event. But the feedback indicates that, villagers need such boost up events to promote the awareness.

### A Brief Report

Equal opportunity cell and Department of Zoology, jointly organized blood group detection and sickle cell anemia awareness camp for the small students of Muslim community studying in GNA Urdu school, Dist- Murtizapur. This event was taken in collaboration with the team of Sub-District Government Hospital Murtizapur on dated 11 August 2017

The event was started by 12.00 am on 11 August 2017 and inaugurated at the hands of Hon. President Dr. R. G. Rathod Sir and Principal of the school Mrs. FarhatUllah Khan. Along with the teaching faculty of Dr. R. G. Rathod Arts and Science College, there were few persons from other schools and reputed firms.

This event was conducted by the students of B. Sc. III. The organizing faculty and medical officers were given speeches on importance of blood group detection and regarding sickle cell anemia – reasons, prevention and medication. In total 48 students and teachers were registered for this camp.

During and after the camp, the organizers were taken feedback from the school teachers. The detail report is with coordinator of this event. But the feedback indicates that, small children need counseling and such boost up events to promote the awareness.
