Report of Analysis of Student Feedback

Session: 2023-24

Students represent the cornerstone of the higher education system, serving as its primary stakeholders. Their active engagement and meaningful participation are indispensable in shaping both internal and external quality assurance mechanisms. As stipulated in the institutional policy on feedback systems, colleges are mandated to conduct annual online feedback to enhance academic standards.

For the academic year 2023–2024, comprehensive feedback was solicited from undergraduate and postgraduate students concerning the curriculum. This initiative sought constructive insights and recommendations regarding the prescribed syllabus formulated by the parent institution, Sant Gadge Baba Amravati University, Amravati.

To facilitate this process, a meticulously designed 12-point scale feedback mechanism was developed via Google Forms. The initiative garnered a total of 344 responses from students across various academic programs, providing valuable perspectives on the effectiveness and relevance of the syllabus

Note: Send the following Link to Whatsapp Group and insist all the students to submit the survey.
