Study Tour Report

Session: 2017-18

Department of Physics organized the Educational Tour for the student of **B.Sc. III (48 Student Participated)** year at the **RAMAN SCIENCE CENTER**, Nagpur on dated **03rd Oct. 2015** for motivating the students toward science. The center is the part of the National Council of Science Museums (**NCSM**) and branch of Nehru science center, Mumbai. Students visited the gallery have different practical based shows related to physics; one of them is a **3D film** which is a motion Picture that enhances the illusion of depth perception, derived from stereoscopic photography, a regular motion picture camera system is used to record the images. Another was television broadcasts and direct-to-video films have also incorporated similar methods, especially science the advent of 3D television This will take you to the wonderful journey of Information and Communication Technology Starting from cave paintings to the modern world of Internet. This gallery uses various intelligent systems such as mobile handsets, Computers, Internet, Communication Satellites, Optical fibers, Laser gadgets and other image processing gadgets such as a Computer Tomography machine etc. as a mode of edutainment. In this center students visited the show which namely **PLANETARIUM** in that we learn about the galaxy and how our earth is form at the time of Big-Bang theory and how stars and other planet are moves in their orbit. How Galileo found or invent that and how it can be proved in that show. Students also see how the full moon and eclipse are form from the sun. Students visits **3D show** in that show student learn how the Neil Armstrong go on the moon, and there is so many information for students and other people to collect. After visiting **RAMAN SCIENCE CENTER**, we visited to the Famous park of Nagpur City namely **MAHARAJA PARK** and in that park student saw the animal park "ZOO" and different types of Planet etc.,

Every year department formed the **Physics Society**, a student association is involved in activities to encourage students to participate in paper presentation, aptitude test, attending guest lecture taken by renowned personalities, Poster Presentation etc.

Physics Society (2016-17):

This Year the society was inaugurated on **13th October 2016** by **Dr. G. T. Lambdhade**, Associate Professor, Department of Physics Vidyabharati Mahavidyalaya, Amravati. He delivered guest lecture on **"Oscillator & Multivibrators"** at this occasion. **Miss. Aachal Sharma** (B.Sc.III year) student was elected as a president of the Society & **Mr. Hitesh Sherekar** (B.Sc.III year) student was elected as a Secretary.

Physics Society (2017-18):

The society was inaugurated on **4th April 2018** by **Dr. G. R. Dhokhane**, Associate Professor, Department of Physics, Arts, Commerce and Science College, Chikhaldara, Dist. Amravati. He delivered guest lecture on **"e -Waste Management"** at this occasion. **Miss. Chandani Sharma** (B.Sc.III year) student was elected as a President of the Society & **Miss. Kalyani Savadtkar** (B.Sc.III year) student was elected as a Secretary.

Physics Society (2018-19):

The society was inaugurated on **8th March 2019** by **Dr. D. T. Dongare**, Associate Professor, Department of Physics, SSSKR Innani Mahavidyalaya, Karanja Lad, dist. Washim. He delivered guest lecture on **"Nanotechnology & Its Applications"** at this occasion. **Mr. Swastik Chutke** (B.Sc. III year) student was elected as a President of the Society & **Miss. Ulka Natkar** (B.Sc.III year) student was elected as a Secretary.

Physics Society (2019-20):

The society was inaugurated on **3th March 2020** by **Dr. R. A. Patil**, Associate Professor & Head, Department of Physics, SSSKR Innani Mahavidyalaya, Karanja Lad, dist. Washim. And **Dr. P. A. Nagpure**, Associate Professor Department of Physics Shri Shivaji Science College. Amravati. They delivered guest lectures on **"Polarisation"** & **"Semiconductor Material"** at this occasion. **Mr. Raj Gaware** (B.Sc. III year) student was elected as a President of the Society & **Miss. Nikita Kale** (B.Sc.III year) student was elected as a Secretary.

Physics Society (2021-22):

The society was inaugurated on 29th Dec 2021 by Dr. M. R. Belkhedkar, Assistant Professor Department of Physics, Shri Shivaji College of Arts, Commerce and Science, Akola. He delivered a guest lecture on **Opportunities after Graduation** at this occasion. Miss. Vaishnavi D. Deshmukh (B.Sc.-III year) student was elected as a President of the Society & Miss. Vaishnavi G. Giri (B.Sc.-III year) student was elected as a Secretary.

Physics Society (2022-23):

The society was inaugurated on 04th Dec 2022 by Dr. A. S. Wadatkhar, Assistant Professor, Department of Physics, Vinayak Vidnyan Mahavidyalaya, Nandgaon (Kh.) Dist. Amravati. He delivered a guest lecture on **"Energy Conservation"** at this occasion. Miss. Pallavi R. Mane (B.Sc.-III year) student was elected as a President of the Society & Miss. Tejal S. Kumbhekar (B.Sc.-II year) student was elected as a Secretary.

Report

Significance of the Area for Tiger Conservation

Melghat Tiger Reserve is a typical representative of Central Indian Highland forming a part of the Biogeographic zone '6 E-Deccan Peninsula' - Central Highlands (Rodgers and Panwar, 1988). This area constitutes forests which are part of world's fifth biologically richest heritage country. The Reserve forms an important corridor between forest areas of Madhya Pradesh and Maharashtra ensuring contiguity of forests in Satpuras. It beholds one of the viable populations of tigers.

Ambabarwa Sanctuary

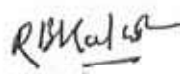

Ambabarwa Sanctuary nestles at the foothills of the Satpuda ranges and has all the flora and fauna typical of the central highlands. It can serve as an important corridor between forests of Maharashtra and M.P. It has a rich repository of biodiversity with endangered mammals like Tiger, leopard, wild dog, chausinga, ratel etc. It is equally rich in birds, reptiles, insects and other invertebrates. The floral composition is also extremely varied with representatives of Southern Tropical Dry deciduous forests under the sub group 5 A-C 16 of the Champion and Seth classification. Most of the species found in Melghat are also seen in Ambabarwa with the only difference being in their abundance. The main species is teak and its associates. Bamboo forms the understory and the ground is covered by a large number of herbs & shrubs. A large number of plants have important medicinal values & thus the area needs to be preserved for its valuable gene pool.

The area is very sensitive from the protection point of view owing to its proximity to the Madhya Pradesh. Also, the large number of villages on the southern side results in very high biotic pressure on the Sanctuary.

Wan Sanctuary

Wan Sanctuary includes outer slopes of Satpura with all its floral and faunal attributes. It comes under the 6 E Satpura Maikal range of the Deccan peninsula biogeography zone. It is an extension of the Melghat Tiger Reserve and provides an important corridor between Akola, Amravati and Buldhana districts. It connects the Melghat sanctuary with Narnala Sanctuary and Ambabarwa Sanctuary, providing a large contiguous stretch of protected areas. It has a rich repository of biodiversity with all the major animals of central highlands being found here. Some
